Rider Eligibility

The following pertains to all riders, whether chosen by their Chapter or those who submit their names to be included for the waiting list. Riders must be members in good standing of CDS and be Adult Amateurs, 22 years or older. The same rider can't ride in two consecutive yearly clinics. The riders must be able to walk /trot/canter with proper diagonals and leads (Training Level minimally).

The rider, to be eligible, must have a sound, fit and in good condition, familiar equine partner, presenting as a "horse/rider team". They must be actively riding demonstrated by current dressage lessons with their horse for the past 6 months. A borrowed or loaned horse just for the occasion is strongly discouraged.

Clinic Rider Orientation

The clinic is organized over a three day period Friday evening through Sunday. Riders should plan to arrive on Friday and allow enough time to get their horse settled in and

comfortable with the surroundings. The clinic officially begins with a mandatory meeting for the riders on Friday night. A potluck/pizza dinner is planned for Friday evening and is open to the riders and their grooms.

Riders are encouraged to bring a groom. Trainers are encouraged to attend and support their riders. Riders will be introduced to the Clinician and the Clinician will explain what to expect from the clinic and answer rider questions. The schedule is handed out and all release forms are signed and collected. On the two riding days of the clinic, the riders are required to attend all portions of the clinic which may include attending discussion sessions during the day.

If a horse is felt to be lame and there is a question of the horse's welfare, OR if there are safety concerns for the horse and/or rider team they may be excused from participation. The final decision regarding lameness or safety will rest with a joint decision of the Clinician, Clinic Organizer, and/or any Committee/Board member present. By participation in the Clinic, riders and horse owners agree to abide by the decisions of this group. If it is determined to be in the best interest of the horse or rider, that horse/rider combination shall be excused from further participation in the riding portion of the Clinic.

Presentation of Rider and Horse

The rider will be dressed neatly in traditional riding attire including an ASMI approved helmet with chin strap and riding boots. Whips and spurs are acceptable. The horse will be presented nicely groomed with well fitting, clean tack. If the horse requires boots or wraps they should be well fitted and clean as well.
